## Sales terms

### Order, price, payment, delivery time

Since our products are subject to process adjustments, the delivery times indicated are obligations of means only and may vary. HY-GENERATION will inform the Customer of any major variation in deadlines, if applicable.

The actual payment of the deposit will be interpreted as acceptance of this contract by the Customer.

HY-GENERATION reserves the right to refuse the order for reasons such as: product obviously inappropriate to the use or use breaching with the terms of present sales terms, incompatible delivery time, or others.

The order will only be valid when all of the following conditions are met:

- the Customer provides HY-GENERATION with all the administrative details necessary for the sale, including but not limited to: billing address, delivery address, if applicable, intra-community VAT number, etc.
- the down payment is paid.
- The Order is validated by Hy-Generation.

Payment by transfer to the following bank account:

CIC OUEST Bank

IBAN code: FR76 3004 7140 3400 0207 7000 171

BIC / SWIFT code: CMCIFRPP

### Shipments - Risks - Return

The equipment is delivered ex works (EXW incoterms 2020) to the following address: HY-GENERATION at SOCOMORE, Avenue Paul Duplaix, 56000 Vannes, FRANCE.

- Ownership and provision of the equipment is transferred to the Customer upon balance payment of the order.

- The risks and responsibilities related to the equipment are transferred to the Customer upon delivery of the product.

HY-GENERATION will not be liable to the Client for any infringement resulting from events beyond the reasonable control of HY-GENERATION, including but not limited to cases of force majeure, war, riots, fires, strikes, terrorism, pandemics, lockouts or other forms of industrial action.

The delivered equipment will not be accepted for return without the prior written consent of HY-GENERATION and unless the equipment is returned in accordance with any applicable HY-GENERATION return procedure.

This offer and the object of sale of this offer should not be interpreted as granting explicitly or implicitly to the Customer an intellectual property right (under any license or by any other means) concerning articles such as, without limitation, designs and models, inventions, patents, trademarks, software or ideas relating to the equipment or services provided.

The Customer will take all reasonable precautions to prevent any form of reverse engineering related to the product, and to prevent technical details from being disclosed to third parties without HY-GENERATION's consent.

The equipment and its components are subject to update without notice. Specifications may vary slightly from model to model.

Regarding the material, the Customer will take all reasonable precautions usually taken for prototypes.

The equipment contains sensitive parts concerning the safety of use.

It contains, among other sources of danger: high energy moving parts, high electric currents, electric voltages, heating zones. Hy-GENERATION will not be responsible for any malfunctions, technical, electrical and electronic problems resulting from the use of equipment (batteries, chargers, converters, etc.) not supplied by Hy-GENERATION.

HY-GENERATION will provide the Customer with a user manual detailing the restrictions for safe use of the equipment.

HY-GENERATION will not be responsible for any defects or consequences resulting from modifications not expressly approved (including, but not limited to, modifications to the parameters of the controller) or from any misuse carried out on the equipment or its components.

### Governing law and court

#### Applicable law and competent court

This offer is subject to French law. Should any dispute arise between HY-GENERATION and the Customer that cannot be resolved amicably, then such dispute shall be brought exclusively before the Commercial Court of Vannes, FRANCE.
